PROFESSIONAL SUMMARY:

Game Development graduate skilled in designing and building polished 2D, 3D games. Strong foundation in C# programming, 3D modeling, level design, and performance optimization, with a passion for creating immersive gameplay. Eager to apply technical and creative abilities as a Game Programmer, contributing to memorable and engaging player experiences

WORK EXPERIENCE

RyneMedia

Feb 2026 – June 2026

Role: Programmer (Intern) | Mobile (Android) | Unity

- Optimized game performance across multiple devices to ensure smooth gameplay.
- Designed level layouts to support the core gameplay experience.
- Implemented object pooling system to improve performance and reduce memory usage.
- Developed and coded VFX for in-game skills and abilities.
- Designed and implemented the core gameplay loop and key mechanics.
- Designed the gameplay progression system to enhance player engagement.

PROJECTS & EXPERIENCE

Road Ready (Capstone Project)

Aug 2024 – Mar 2025

Role: Game Designer, Level Designer, 3D Modeler | PC | Unity

- Built a 5km² open-world terrain with 50+ 3D assets (buildings, trees, road props) to design progressive driving routes that test players' understanding of Philippine traffic laws.
- Modeling 3D vehicles and environmental assets to maximize immersion and replayability.
- Optimized game assets to reduce memory usage and improve performance

Cat's Revenge

Mar 2024 – Apr 2024

Role: Solo Developer | PC | Unity

- Managed end-to-end production of a 2D action game, from initial concept to final, polished build
- Engineered core gameplay loops and enemy AI behavior using Finite State Machines (FSM) in Unity's C# environment
- Created and coded VFX for bullet impacts, explosions, and enemy death effects
- Implemented object pooling for bullets and particle effects to maintain stable performance during high-intensity combat

EDUCATION:

Bicol State College of Applied Sciences and Technology (2022 - 2026)

BACHELOR OF SCIENCE IN ENTERTAINMENT AND MULTIMEDIA COMPUTING MAJOR IN GAME DEVELOPMENT

Camarines Sur National High School (2020 - 2022)

TECHNICAL-VOCATIONAL LIVELIHOOD SPECIALIZATION: COMPUTER PROGRAMMING

TECHNICAL SKILLS

- **Game Engines:** Unity
- **Programming:** C#, C++, JavaScript, HTML, CSS
- **Tools & Software:** Visual Studio, GitHub, Photoshop, Maya, Blender
- **Platforms:** PC, Mobile (Android)
